Scholarships and Financial Assistance (Effective from Spring Semester 2025 onwards)

Since its inception, East West University has been awarding merit scholarships and need-based financial assistance to deserving students. Each year, the university distributes around 9% of its total earnings among 20% or more of its regular students. According to the provision of the Private University Act, 2010, private universities are required to provide scholarships to 6 (six) percent of their enrolled students who are meritorious but come from less well-to do families (of which 3 percent is reserved for the wards of freedom fighters). Since its inception, the founders of East West University have adopted a policy of not paying any profit or dividend to themselves and of using a good proportion of its operating surplus towards nurturing merit and providing financial support to students in need. In the last twenty-seven years, the scholarship and financial assistance policy adopted by East West University has become a source of great encouragement to meritorious and financially constrained students.

2. Trustee's Scholarship

A Trustee member may award 500% tuition fee waiver to five students (100% each) or more than five students distributing this 500% at his/her discretion in each semester or a Trustee member may award a maximum of up to 45 credits tuition fee waiver in each semester or higher as per requirements under his/her discretionary quota. The unutilized credits of any semester can be carried forward to other semester(s) within the same academic calendar year.

3. Financial Assistance

(a) General

(a) General

At the beginning of each semester, the university considers applications on prescribed forms for granting financial assistance to deserving students on a need-cum-merit basis. Undergraduate applicants who have completed at least 12 credits in the immediate past semester with a minimum CGPA of 2.70 and with demonstrated financial need are offered financial assistance to cover part of the tuition fees. The actual amount depends on the number of applicants and the availability of funds. This is by far the largest component of the funding support both in terms of the amount of money as well as the number of recipients. Financial assistance is also extendable on the fulfilment of the above mentioned requirements.

Similarly, applicants of graduate programs who have completed 6 credits in the immediate past semester with a minimum CGPA of 2.80 and have proof of financial need are offered financial assistance to cover part of the tuition fees.

(b) Family Concession

(b) Family Concession

When two siblings (sons and/or daughters of the same parents) and husband-wife study simultaneously at East West University, the second sibling/spouse is entitled to a half-tuition fee waiver. However, both must be admitted full-time into regular programs and both the sibling/ husband-wife must study within the normal study time (the stipulated time for completing a degree) required for the programs in which they are enrolled. The benefit commences on the date of admission of the second sibling/ spouse and ceases on the discontinuation of the study of any one of them in EWU, after his/her Graduation/Dismissal/ Suspension/Voluntary Withdrawal etc. or for any other reasons. This benefit may be extended up to the third sibling under the above-mentioned conditions.

If either of the siblings/spouses maintains a minimum CGPA of 2.60, while the other maintains a minimum passing CGPA (2.00 up to summer 2023), (2.25 from Fall 2023 and onward) for Undergraduate Programs, 2.60 for Graduate Programs, the sibling/spouse benefit will be awarded and continued for the one who maintains the CGPA of 2.60. In the case of the newly admitted students, if the first sibling/spouse can maintain the minimum CGPA of 2.60. the sibling/spouse benefit would be awarded to the second sibling/spouse provided the first sibling/ spouse is not currently receiving any merit scholarship/ financial assistance from EWU. When both the siblings/ husband-wife (both are newly admitted students) are admitted in the first semester at a time, sibling/spouse benefit will be awarded to the second sibling/spouse without applying the credit and CGPA requirements for them in the first semester. Credit and CGPA requirements will be applicable for them from the second semester. Scholarship / Financial Assistance / Sibling / Spouse benefits or any other financial benefits at EWU are not awarded simultaneously.

However, a winner of the Merit Scholarship may enjoy the Scholarship by surrendering the sibling/spouse or other benefits. i.e. any one out of two siblings/husband-wife will be entitled to get either merit scholarship (if eligible) or half tuition fee waiver or financial

assistance (if eligible) whichever they prefer. The benefit will be awarded at the time of registration of courses of both the siblings/husband-wife.

(c) Freedom Fighters' Scholarship

(c) Freedom Fighters' Scholarship

As a mark of respect to the valiant Freedom Fighters of the War of Liberation and Independence, the university reserves 3% admission quota for the wards of Freedom Fighters of all categories, subject to their fulfilment of the minimum admission requirements at East West University. The university also considers maximum 100% tuition waiver scholarship to the wards of wounded, deceased and financially distressed Freedom Fighters, subject to the fulfilment of the following requirements:

The candidate must qualify in the EWU admission test; the candidate must provide proof that his/her parent was a Freedom Fighter. The tuition fee waiver as above will then be continued provided that the CGPA in each semester remains 2.60 or more.

To continue financial assistance, (all Undergraduate students must register at least 3 courses (9 credits) in a semester; this credit requirement is 4 courses (12 credits) in a semester for the students of B.Pharm and LL.B Programs), and for the students of graduate programs this requirement is at least two courses (6 credits). Financial assistance is discontinued if any student of the undergraduate or the graduate program violates the East West University Disciplinary Code for Students.

Such types of scholarships/ financial assistance, including family concession and freedom fighter scholarships, are not available to those students who have already spent the regular study time required for the programs for which they are enrolled (e.g. Bachelor's degree program students are not eligible for any scholarship/financial aid beyond the four years that are required to complete the course as a regular student). Students, who have already completed the required minimum total credits for a degree, will not be eligible for any scholarship/ financial assistance. Students availing the advantage of retaking any course any time will not be eligible for any scholarship. No student of the university is entitled to benefit from more than one scholarships/financial assistance schemes at any point in time.

4. Benefit for EWU Employees

If the children of the employees of EWU study at EWU, only one child of an employee will be granted 50% tuition fee waiver during the entire tenure of the employee's service at EWU subject to the fulfillment of admission and all other criteria. Granting of this tuition fee waiver will be effective on admission of the student but its continuation will be subject to the fulfillment of financial assistance requirements.

Employees of EWU who study at EWU will be granted 50% tuition fee waiver but they have to maintain a minimum passing CGPA of the respective degree/ program for continuation of the financial benefit which is provided by the university. Other academic and financial aid

requirements which are applicable to the students will also be applicable to the employees of EWU. Like other students, employees of EWU who study at EWU have to register for minimum course/credits in each semester. Financial benefit which is provided by the university to its employees for studying at EWU will continue until the respective employees remain in service at EWU.

5. The Medha Lalon Scholarship

In order to be able to extend further support towards nurturing merit, particularly to the students from middle-class background, to the female students, and to the students from outside the metropolis, the Board of Directors of East West University set up in 2002 a scheme called the East West University Medha Lalon Fund with an initial endowment of Taka one and a half crore. The Board has also sanctioned an amount of Taka one crore thirty lakhs from the operating surplus of the university for the Fund. This is in addition to the disbursement each year of regular components such as the merit scholarships and financial assistance. Several philanthropic persons/ organizations have contributed a combined amount of Taka twenty-seven and a half lakh to the Medha Lalon Fund. This needcum-merit based financial assistance is awarded from the annual earnings of the East West University Medha Lalon Fund deposited in a lucrative five-year interest earning Scholarship Deposit Account of Mercantile Bank Ltd.

In addition, Mrs. Rehana Akhtar Khanam, a former UN official has arranged scholarships for students from lower-middle-class families at East West University (EWU). She has created a fund in the name of her parents, 'Abdul Latif Khan-Jahanara Khanam Chowdhury Scholarship Fund, East West University' and donated 50 (fifty) lac taka to the fund. The earnings from this fund will be given as a new scholarship to the poor students of EWU besides the existing scholarships.

The East West University Medha Lalon Scholarship is administered by the Financial Assistance Committee of the university. To acquire such assistance, students must apply on a prescribed form. Applications are processed based on information provided by the applicants and according to the criteria set by the university, which are subject to change at its discretion. The selection of scholars and financial assistance beneficiaries is done through a computerized system that ensures full transparency.

As is evident from the table below, the university policy is rather generous in nurturing merit since an increasing percentage of tuition revenue gets ploughed back and goes to deserving students. It is worth noting that the university, as a matter of policy, encourages enrolment of mofussil and rural students who are also, beneficiaries of the scholarship and financial assistance awards. Furthermore, the university has also been consciously endeavoring to increase the proportion of female students who benefit from scholarship and financial assistance programs.

The table below shows the number of recipients/ beneficiaries of various scholarships, financial assistance programs and the amount of scholarships/ financial assistance distributed during the last five years.

Vice Chancellor

Address: A/2, Jahurul Islam Avenue

Welcome to East West University (EWU), where excellence is nurtured, pursued, and celebrated. I am proud to have become the Vice-chancellor of this university. From its establishment in 1996, over the years, EWU has increased many folds in every respect but there is no limit to improvements and advancement. As a Vice-Chancellor my foremost tasks is to find weaknesses we have as an institution and identify the challenges facing us. Once we shall identify those we can strive to overcome them and mark our place as the best academic institution in the country in the coming years. We really want to transform EWU into a university that will engage in making EWU as a lavish garden of knowledge, producing outstanding graduates and undertaking relevant research recognized nationally and internationally. I hope we shall be able to work on this journey of excellence, placing EWU among top-ranked universities. Our 9,000-plus students are engaged in more than 11 bachelor's degree programs and 12 masters programs which foster curiosity, critical thinking, innovation, and professional skills. EWU's academic and career opportunities are balanced with a campus lifestyle that is second-to-none among private universities in Bangladesh. EWU houses various sports, cultural, and social clubs to cater to the extra-curricular activities of the students. All of these elements – outstanding teaching, scholarships, support, flexibility and choice in programs and extra-curricular benefits – come together to create the EWU advantage. Whether you join us from across the campus, or from the other side of the world, I am proud to welcome you to our EWU Family.
